

BRYAN DEBUNKED
IN RESOLUTIONAppeals of Bryan, Villa and
Maytorena Denied by
Arizona Senate.

did not know what he was talking about when he asked that the execution be postponed. This was expressed in a diplomatically worded resolution introduced by Webb and passed with only Munds, Brackman, Grevin and Bacon voting in the negative.

The resolution sets forth that murderers have been committed and that the perpetrators thereof have been convicted by due process of law. It continues:

Resolution Is Adopted.
"Be it resolved, That the nationality or previous abode or citizenship of the condemned is merely incidental and not vital to the question; that the broad general lines laid down in the telegram from the secretary of state of the United States, from Gen. Villa and from Governor Maytorena, being not in accord with either the spirit or letter of the law under which the condemned men were arraigned and tried;

"Be it further resolved, That the senate of the state of Arizona do hereby again express deep appreciation of the grave responsibility placed upon the board of pardons, and of the efforts which its members have put forth in the performance of its difficult duties, and realizing the mental strain and anguish to which the individual members are at present subjected, we believe that the board should be permitted to exercise its most serious duties as exacted from time to time by the laws of the state."

Bryan Is Defended.
Senators Bryan's first indication that he was being defended against the passage of the Webb resolution. Both believed that the request of Bryan should be heeded.

The Webb resolution was a direct reply to the special message of the governor, which asked the legislature to memorialize the board of pardons to reconsider the convicted murderers in accordance with Bryan's request.

Hunt did not transmit to the legislature the telegraphic correspondence between himself, Bryan, Villa and Maytorena in regard to the execution. Most of the members, however, had seen copies.

Gaxiola Sends Villa's Message.
Governor Huerta's first indication that Villa had taken the matter up with the American state department came in a telegram from Luis Gaxiola, Villa's representative at El Paso. This message repeated a telegram from Villa to Bryan, asking the secretary of state to ask the Mexican citizens condemned to the gallows by the authorities at Phoenix. As a matter of fact, four of the condemned men are Mexican citizens. The fifth, Francisco Rodriguez, was born in Tucson.

Shortly after receiving the message from Gaxiola, Hunt received a brief telegram from Bryan to this effect:

Bryan Asks Information.
"I informed the senate that I am being hounded in your state. If true, please wire crimes of which convicted, date of execution and other particulars."

Hunt, without the details requested, Bryan's second telegram read, in part, as follows:

Asks Postponement.
"In view of effect of executions on international relations and possible harm to Americans in northern Mexico, I respectfully suggest that a commutation of the sentence might be advisable. In case board of pardons consider that this would defeat the ends of justice, feel it my duty to urge postponement of sentence to give time for further consideration of the matter."

Maytorena Stakes Appeal.
Jose M. Maytorena, constitutional governor of Sonora, wired Hunt an appeal for clemency for the murderers, basing it on the fact that they were not considered the message Thursday.

INSTEAD OF MAKING GUNS
Washington, D. C., May 28.—"Half the money we now spend on battleships could be better spent in educating the young men of other nations in our country."

Thursday in an address at a luncheon given by the Washington board of trade for the honorary commercial commission from China.

GERMANS ARE TAKING
London, Eng., May 28.—The Germans are still exacting the utmost from the country they occupy. Mention is made of one in connection with the recent sporadic bombardment of Lens by the allies.

"Six shells fell on the Lens station," an official eyewitness says, "and the town was fired 3000 shells for each projectile, or a total of 18,000 shells, part of which was distributed among the soldiers. The ground for the line was the allegation that some of the inhabitants must have been in communication with the enemy of Germany, hence the bombardment."

COULDN'T SPEAK GERMAN. SENATOR HELD AS SPY
New York, May 28.—Former senator La Fayette Young of Des Moines, who was arrested and kept in his cell in Innsbruck, Austria, for 24 hours early in May on suspicion of espionage, arrived here today from Rotterdam. Mr. Young said the town was fired 3000 shells for each projectile, or a total of 18,000 shells, part of which was distributed among the soldiers. The ground for the line was the allegation that some of the inhabitants must have been in communication with the enemy of Germany, hence the bombardment."

PORTUGAL MAY SELECT PRESIDENT'S SUCCESSOR
Lisbon, Portugal, May 28.—Portugal is to have a new president as a result of the action of president de Arraiza, who Thursday announced to the president of the congress his determination to resign his office. De Arraiza has been under fire because of the unpopularity of his government, but the recently successful revolutionary party, which forced the choice of a new cabinet, announced the president could remain until the regular election in October. Congress will meet Saturday to deliberate upon the president's resignation.

The War At a Glance

THE capture of 14 Austrian villages along the Carinthian front by the invading Italian forces is reported in an unofficial dispatch from Geneva. It is said also that the Italians have taken possession of the mountain passes and are continuing their advance elsewhere along the border.

Italian troops are pushing steadily into Austria along the line running north of the Gulf of Trieste.

The official statement from Rome announces the occupation of the Austrian town of Grado and states that a squadron of Italian airplanes successfully attacked the Trieste-Nebrassa railroad, probably cutting the line.

Germans Concede Russian Victory.
The statement today from the German war office concedes the victory to the Russians in a battle along the San river in central Galicia.

The capture of 3000 more prisoners is announced by the German war office, which represents the situation in the east as favorable to Germany.

The character of the fighting in France and Belgium has not changed materially.

Russians Occupy Urumah.
Occupation of Urumah, northwestern Persia, by Russian forces, is announced by the Caucasus army staff. Capture of the city was effected after battles near Dikman and Bakhkala.

More Ships Sunk.
The German submarine campaign which has been active during the last week, has resulted in the sinking of another British vessel. The steamer Cadaby was sunk Thursday off the Solly Islands by the shells of a submarine. The crew of 18 men and the four passengers were saved.

The British battleship Majestic was torpedoed and sunk near the Dardanelles by a German submarine. The British steamer Princess Irene was blown up at Sheerness, Eng., Thursday, with about 200 lives lost.

AUTO KNOCKS ED MEBUS'S HORSE DOWN ON ALAMEDA
Walter Ed Mebus was driving on Alameda avenue Thursday evening in his buggy, an automobile going in the same direction turned sharply to the right and collided with Mr. Mebus's horse. The animal was struck on the head and knocked down, but was not injured.

The driver of the car was told by Mr. Mebus to report the matter as he intended to file a complaint against him. The man declined, Mebus says, and drove off. The car carried the number 2113, Mebus says. At the county clerk's office this morning was taken out in the name of R. J. Jodela and is given as a Cadillac touring car.

ANNUAL STATEMENT OF THE FACTS
A local piano ad stated recently that out of 12 picture houses in El Paso, 19 used that firm's automatic instruments.

The truth is that there were 12 of these theaters, including the Liberty theater, which failed recently.

Of these 12, the following use the world's best automatic instruments sold by the Billings Piano Co.: The Imperial, Hidalgo, Cine Mexico, San Jose and Liberty theaters.

The other theaters were sold before the Billings Co. introduced the famous Peerless Automatic instruments, and they were compelled to trade in their old instruments on new ones, or else failed entirely to figure with the Billings Co. However, the following have purchased their automatic instruments (which do not include player-piano customers) during the last two years from the Billings Piano Co.: After looking into the merits of the different makes sold in El Paso:

In El Paso country club, Quartermaster club, Port Plaza, Crystal theater, Carrington, N. M.; L. P. Gooding theater, Hurley, N. M.; Bancroft confectionery, Valley Inn, Yuleta; Bon Ton confectionery, Yuleta; Heidelberg cafe, Wagon wheel club, Phoenix; Casa de Oro and C. T. Gomez hotels, White House Inn, Sultana, Century and Town

clubs, the Ideal, Keno, Cosmopolita, Texas, Panama, Achma, Uncle John, P. Armendariz, Brewery Garden, J. Estrada, A. Fernandez, S. O. Guaderrama, Porters, A. Roman and other pool halls; Pasadena Garden, Elks' lodge, Las Cruces; C. Durrell, M. Arrieta, Mogollon, N. M.; Bob Golding, Silver City; Mecca Pool Co., Silver City; I. Hibi Pool Co., Everybody's cafe, El Chato cafe, Savoy cafe, Hidalgo, Liberty, San Jose, Cine Mexico, and Imperial theaters, and others.

During the last three years, the Billings Co. has sold more instruments than all the other El Paso piano firms combined. Why? There must be reasons. Ask Billings' customers. They will tell you that they never found us to misrepresent, that we believe in keeping our selling expense down and in selling only the best pianos, auto-pianos, orchestras and phonographs for the least possible price.

If you are considering the purchase of an instrument, make it a point to visit the Billings Co.'s artistic residential piano salerooms at 1429 E. Boulevard, out of the high rent district, and hear and see the instrument as it would sound and appear in your own home, and incidentally save a nice sum of money for your trouble. Just phone 147 for our car.—Advertisement.
